

Performance Management

Course Overview

Performance Management is often a bureaucratic process which leaves most managers and employees uninspired and often generates conflict. Organizations need everyone to support strategy and guarantee deliverables in this ever-increasing competitive environment.

This course provides you with a workable, practical approach to Performance Management and Performance Appraisals, and takes into account the real world we all live in. You will learn how to conduct effective Performance Appraisals and integrate those into an integral part of the employee Performance Management.

Course Outline

- Performance Management versus Performance Appraisal
 - Performance Management overview
 - Performance Management cycle and components
 - Where Performance Management fits into the bigger picture
- Goal setting
 - Setting SMART performance objectives and key performance indicators (KPIs)
 - Developing action plans
 - Conducting the goal setting meeting
- Coaching and support
 - Analyzing performance deficiencies
 - Guidelines for effective coaching
 - Ongoing support and quality feedback
- Performance Appraisal tools and techniques
 - Using different tools measuring “what we achieve?” And “how we achieve?”
 - Common errors during Performance Appraisals
 - Who should do the appraisal?
 - 360 appraisal
- Appraisal interviews
 - Guidelines for preparing and conducting the appraisal interview (annual review meeting)
 - Developing strategies to help individuals realize their potential
 - Continuous improvement
- Rewarding
 - Linking performance with financial incentives
 - Linking performance with career path (promotions)

Learning Objectives

In this course participants will learn how to design and implement successful Performance Management System, and how to link individual performance with the company strategic objectives, training & development, rewarding and career path.

Upon completion of this course, participants will be able to:

- Differentiate between Performance Appraisal and Performance Management.
- Develop team and individual goals and objectives that are aligned with corporate goals and business strategy.
- Formulate action plans for each specific period that help employees achieve or exceed performance standards.
- Find out how to coach their employees to improve productivity and overcome performance deficiencies.
- Understand how to provide regular feedback on employees' performance.
- Use the proper Performance Appraisal form.
- Prepare and conduct a proper Performance Appraisal interview.
- Fairly reward each individual's performance and administer positive reinforcement techniques to motivate employees.
