

Crisis Management

Course Overview

Crisis management is the process by which an organization reacts with a major event that threatens to harm the organization, its stakeholders, or the COMMUNITY.

Crisis management involves dealing with threats before, during, and after they have occurred.

Crisis management course will enable participant to develop the skills of responsive actions in the following areas: Crisis prevention, crisis assessment, crisis handling and crisis termination.

The aim of crisis management is to be well prepared for crisis, ensure a rapid and adequate response to the crisis, maintaining clear ways of reporting and communication in the event of crisis and agreeing rules for crisis termination
